ural operations, state of standing nd probable outturn of damage done to crops by natural calamities.	Prospects of season; tracts in which the rainfall has been insufficient; areas affected by scarcity, number of people under relief, and state of food stocks.	Public health.	Remarks as to the condition of agricultural stock, failure of pasturage or fodder, &
9	10	11	12
during the week under dry and wet operation is going in good condition all	During the week under report, there has been a fair amount of rain all over the district except Closepet sub-taluk. Small tanks have received a small supply of water.	Generally good. In Hoskote and Devanhalli fever is reported to be prevalent still.	Cattle healthy. The condition of cattle is not as good as may be expected. Water supply is sufficient all over, but grass is not available in sufficient quantities in parts of Doddballapur, Nelamangala and Devanhalli.
ent throughout i Chikballapur sub-taluk are	Prospects of season are improving by the late rains. (Village) Relief works are still kept up in Bagepalli, Srinivaspur and Mulbagal taluks.	Generally good, but fever is prevalent in parts of Srinivaspur taluk.	Supply of water and fodder fair, but prices of food grains are still high.
ubbi, Turuve- kur and Kunigal Chiknayakanhalli, ere and Kunigal, kunhalli, Gubbi,	Excepting in the Chiknayakanhalli and Tiptur taluks, the rainfall during the week was general throughout the district [illegible] Tiptur taluk	Generally good... —	Cattle are generally in poor condition, owing to paucity of pe[illegible]e. Fod[illegible]

ing crops, *i. e.*, paddy, sugar-cane, gidda-ragi, togari, castor same in the Hassan taluk; paddy in the Manjarabad taluk; ly and gidda-ragi in the Belur taluk; paddy, ragi and sugar- in the Arsikere taluk: ragi and paddy in the Arkalgud taluk Alur sub-taluk, are reported to be in good condition. Paddy eing transplanted in the Manjarabad taluk. Gingelly in the narayapatna taluk, which was withering, is now reported to be oving, owing to the recent rains. Dodda ragi has been and is being sown in the Channarayapatna taiuk. Gidda-ragi, which beiug eaten by kambli insects in the Hole-Narsipur taluk, is roving by recent rains and dodda ragi is being sown. Green m is harvested and paddy is being transplanted.	Prospects of season have improved. No relief work has been found necessary to start. Food stocks are available in sufficient quantities at all principal marts.	Generally good. Small-pox is reported to prevail in parts of Hassan, Manjarabad, Arkalgud and Alur sub-taluk.	available in taluks except in Arsikere where it is reported to be insufficient. Cattle in Channarayapatna and Hole-Narsipur taluks are in poor condition, for want of fodder, but the condition of pasturage has improved by recen rains in these taluk
ing crops, *viz.*, seedlings of paddy, green and black grams, mum, ragi, pigeon-pea, wheat, sugar-cane and Deccan-hemp eported to be in good condition. Paddy in Shimoga and in Shimoga, Channagiri and Kumsi are sown. Chillies in nagiri and Honnali and paddy in Tirthahalli are transplant-	The recent rains have been ample and the outlook throughout the district has been improved. Food stocks are sufficient.	Fair	The condition of pastu age and water h improved generally the district, after recent rains a fodder is expecte be plentiful after.
cow gram and togari in the Tarikere taluk; paddy, dodda ragi, gell y and coriander in the Chikmagalur taluk; paddy, ragi, la, coriander, &c., in the Kadur taluk are being sown. Paddy in edahalli, Koppa and Sringeri is being transplanted.	Recent rains favorable for sowing in all parts except in malnad tracts where it has been far over the average.	Generally good.	Cattle in fair in all the cept Kadu they are suffering fodder impr talu wh is
Do Ragi, jola, chillies, sessamum, castor, cow gram, green gram, cumbu, horse gram, Italian-millet, pigeon-pea and same were sown in all parts of the district. Wet as well as dry crops are reported to be in good condition.	The rains that fell during the week are favorable for sowing in all parts of the district. Prospects improving. Food stocks are reported to be sufficient.	Generally g but fever h vails in parts the Hiriyur t luk.	F
